# A project for kick-starting a new network between Asia and Europe

We invite all cultural and creative hub managers across Asia and Europe to join this exciting project and be at the forefront of a new place to exchange ideas and build-up a new community!

 Selected through [ASEF Creative Networks 2nd edition](#), **Culture and Creative Hub Net** is a new network of Cultural and Creative Hubs managers between Asia and Europe. The project aims to identify, engage and understand the needs of creative and cultural hubs as well as to provide the necessary conditions for long-term network sustainability. A Culture or Creative Hub is an infrastructure or venue that uses its space for networking, organisational and business development within the cultural and creative industries sectors. Examples include **incubators, accelerators, fab-labs, artistic residencies**, etc. The concept is broad in definition as to ensure the group diversity is achieved and synergies across can be promoted. The set-up of the **Culture and Creative Hub Net** aims at mapping the knowledge and networking gap that exists for creative hubs in Asia and Europe. The kick-start meeting of the network is organised in Brussels, Belgium on 25 November 2015. The meeting will bring together 14 representatives of Cultural and Creative Hub Managers from Asia and Europe to network and discuss opportunities to develop a long-term collaboration between hub managers from both regions. Project partners include *ADDICT - Creative Industries Agency Portugal* (Portugal),

ECBN – European Creative Business Network (The Netherlands) and CI-USJ – Faculty of Creative Industries, University of Saint Joseph (China) For more information: <http://hubsnetwork.addict.pt/>
