# Asia-Europe Foundation (ASEF)

The Asia-Europe Foundation (ASEF) is interested in commissioning researchers to carry out mapping on various arts and culture topics. These mappings will be published on ASEF's arts and culture portal [culture360.asef.org](http://culture360.asef.org), and will be widely disseminated amongst our networks in Asia and Europe.

We are looking to commission two (02) research studies/reports, as follows:

1. innovative and enabling policy measures as well as case studies in the area of arts and disability in the 51 ASEM countries (about 50 pages);
2. the cultural mapping of the 10 ASEAN countries (including traditional and contemporary

organisations) in the following areas: visual arts, film, literature, arts management, cultural heritage, creative industries, artists' mobility, status of the artist, digital, arts and disability, culture in development, and trends, issues and challenges in Asia-Europe collaboration (about 25-45 pages).

We are looking for independent researchers/specialists who will undertake this work for us. The researcher or specialist will work in consultation with the Culture Department at ASEF.
