Located in north east inner city Dublin, Fire Station Artists' Studios was established in 1993 to provide support for professional visual artists.

Fire Station Artists' Studios (FSAS) provides **subsidised combined living and working studios** for Irish and international artists, large scale sculpture **workshop facilities** and **training opportunities** for artists. Fire Station Artists' Studios training programme has expanded to include digital and film training and they continue to host technical training and master classes which incorporates critical reflection.

A key policy of FSAS is to contribute to the debate on **collaborative and socially engaged arts practice**, through a commissioning process that incorporates critique of artists' work.
