MAPPING OF FUNDING OPPORTUNITIES
FOR INTERNATIONAL CULTURAL EXCHANGE IN ASIA
MOBILITY FUNDING GUIDE

This *Mobility Funding Guide* is a concrete output of the mapping of funding opportunities for international exchange in 19 countries in Asia. It was first released on culture360.asef.org in September 2012 by the Asia-Europe Foundation (ASEF) with the cooperation of Arts Network Asia (ANA), Korea Arts Management Service (KAMS), Japan Center, Pacific Basin Arts Communication (PARC), and Tokyo Performing Arts Market (TPAM).

Its main objectives are to make available online the existing information on funding that supports the international mobility of artists and cultural operators in Asia and to provide input to funders on how to fill in the existing funding gaps for international cultural exchange in Asia.

The guide follows the existing model of the *Guide to funding opportunities for the international mobility of artists and culture professionals in Europe*ⁱ, first produced in 2011 by the Foundation Interarts, On the Move and PRACTICS.

In **this latest edition for Australia (November 2015)**, you can find funding opportunities by country in most artistic and cultural disciplines. The guide lists national resources when available, as well as regional and international sources of funding - be they public or private. Only regular opportunities accessible online are listed. Not included are: funds for which information is only available offline, funds that are not based on open calls, and ad hoc or short-term funding. The mentions of Public (Pub.), Private (Pri) and Public/Private (PP) have been added next to the funding schemes to highlight the source(s) of the said funding.

For a full overview of the methodology and scope of the research, please refer to the publication's *General Introduction*ⁱⁱ.

This guide is an attempt to gather all the resources in one document and is by no means complete. As we aim to update it on a regular basis through further research and input from the field, your feedback is crucial.

You can send your feedback to: funding@culture360.org

If you would like to know more about this initiative or collaborate with us please contact: Valentina Riccardi at valentina.riccardi@asef.org

For regular and one-off calls for projects, collaborations and other opportunities to fund international cultural exchange, we invite you to subscribe to the culture360.asef.org newsletter.

Last update for the **national sources of funding: October 2015** by On the Move, the cultural mobility information network, <http://on-the-move.org>. On the Move wishes to thank the Australia Council for the Arts for its advice.

NATIONAL SOURCES OF FUNDING

1. NATIONAL GOVERNMENTAL FUNDING

1.1 Australia Council for the Arts (ACA) - Australian Government

Introduction note on the new funding situation (2025-2016)

The Australia Council has revised the grants programme in response to the 2015-16 budget measures.

Australia Council Chief Executive Officer Tony Grybowski said: *“The Board and Executive have carefully considered how we can provide the most effective support to Australian artists and arts organisations within the framework of the Council’s legislative functions and Strategic Plan goals. The revised funding model has been developed in response to the budget measures and with the intention of providing support for the arts which is complementary to the National Programme for Excellence in the Arts.*

The Council will continue to deliver a grants program for individuals, groups, and small to medium sized organisations, with assessment by a national pool of expert peers. The Council plans to invest \$12 million over the two core grants rounds in 2015-16. This reflects a reduction in the number of rounds being offered and will also include some changes to eligibility criteria.”

Source : <http://www.australiacouncil.gov.au/news/media-centre/media-releases/australia-council-outlines-revised-grants-program/>

Compared with the previous years, the number of schemes related to internationalisation has been therefore reduced for this transitional period.

4.2 Echigo Tsunami Art Triennale – Australia House

Residency

Description: Australia House, located in one of the beautiful villages, home to the Echigo-Tsumari Art Triennale (ETAT), is a base for cultural exchange, artist and curator-in-residence programmes and art exhibitions. Australia supports ETAT's theme of "Human Beings are a Part of Nature" and has been participating in ETAT since its beginning in 2000. Building on this close relationship with the Echigo-Tsumari region, Australia House was established in 2009. An abandoned traditional Japanese house in Urada, Tokamachi City, Niigata Prefecture, was renovated and revived as the original Australia House. Since then Australia House has hosted regular Artist-in-Residence programmes, enthusiastically supported by local residents, supporters and the Australian Government.

Unfortunately, Australia House collapsed in a powerful aftershock on 12 March 2011; however it was quickly decided that Australia House would be rebuilt. The new Australia House will stand as a symbol of recovery from the Great East Japan Earthquake and tsunami, taking into account environmental sustainability and protection from natural disasters. Based on an Australian architect's design selected through an international competition, it will be rebuilt with the support of the Tokamachi City Government, the Australia-Japan Foundation, International Culture Appreciation and Interchange Society, Inc., the Australian Embassy in Tokyo and local residents.

ⁱⁱ <http://culture360.asef.org/asef-news/mobility/>

ⁱⁱⁱ The notion of "emerging" and "developing" countries does not always refer to the same countries for the identified funding organisations. We have tried as much as possible to list the eligible countries from the Asian ASEM member-countries under the various denominations.

^{iv} Application possible as Australia is one of the State parties to the UNESCO Convention on the Protection and Promotion of the Diversity of Cultural Expressions.
