Film Lab in Bangladesh

culture360.ASEF.org is delighted to be the media partner of the **ECO Film Lab: An International Film Residency in Bangladesh**. The programme, organised by **Bangladesh International Academy of Film and Media**, explores hands-on visual **storytelling in the context of** local nature, culture, the human story, as well as Climate change. The film residency will amplify the awareness of climate change as well as sustainable film production with a Green Filming approach.

Selected filmmakers will be divide into 5 groups to make 5 short films with the mentorship of global film professionals. The Lab will last **15 days, with online sessions from 27 - 31 March 2023 and on-site work on a special houseboat in Tanguar Haor, Sunamganj, from 5-15 April 2023**.

After completing the short film shooting, the filmmakers will get a **full post-production support opportunity** from the world's top film school the American Film Institute AFI. The shorts will be evaluated by an international jury and the winning group will get a **special scholarship** from the renowned American film organisation the **Sundance Collab** to develop their Feature project. The rest of the groups will still get a number of opportunities to make their film career smother with lots of offers and partnerships with international organisations.

For more details please visit: <https://ecofilmlab.iafmedu.net/>

Since 2012, culture360.ASEF.org has supported the outreach and visibility of over 65 arts events in Asia and Europe. We strive to continue supporting on-site and virtual arts events across the 2 regions through a variety of communication activities. To know more, take a look at our [Media Partnerships](#) page and follow us on [Facebook](#) and [Instagram](#).
