MAPPING OF FUNDING OPPORTUNITIES
FOR INTERNATIONAL CULTURAL EXCHANGE IN ASIA
MOBILITY FUNDING GUIDE

This Mobility Funding Guide is a concrete output of the mapping of funding opportunities for international exchange in 19 countries in Asia. It was first released on culture360.asef.org in September 2012 by the Asia-Europe Foundation (ASEF) with the cooperation of Arts Network Asia (ANA), Korea Arts Management Service (KAMS), Japan Center, Pacific Basin Arts Communication (PARC), and Tokyo Performing Arts Market (TPAM).

Its main objectives are to make available online the existing information on funding that supports the international mobility of artists and cultural operators in Asia and to provide input to funders on how to fill in the existing funding gaps for international cultural exchange in Asia.

The guide follows the existing model of the Guide to funding opportunities for the international mobility of artists and culture professionals in Europe, produced by the Foundation Interarts, On the Move and PRACTICS.

In this Asian edition, you can find funding opportunities by country in most artistic and cultural disciplines. The guide lists national resources when available, as well as regional and international sources of funding - be they public or private. Only regular opportunities accessible online are listed. Not included are: funds for which information is only available offline, funds that are not based on open calls, and ad hoc or short-term funding.

For a full overview of the methodology and scope of the research, please refer to the publication’s General Introduction.

This guide is an attempt to gather all the resources in one document and is by no means complete. As we aim to update it on a regular basis through further research and input from the field, your feedback is crucial.

You can send your feedback to: funding@culture360.org

If you would like to know more about this initiative or collaborate with us please contact: Valentina Riccardi at valentina.riccardi@asef.org

The mentions Public (Pub.), Private (Pri.) and Public-Private (PP) have been added next to the funding schemes to highlight the source(s) of the said funding.
