# Photography Festival SIPF 2014

J

The

Singapore International Photography Festival 2014, with the theme of 'The Infinity', celebrates the endless possibilities that ideas and collaborations can bring. SIPF 2014 takes place 3 October - 30 November. SIPF aims to be a much needed arena for critical thought and academic discourse on photography in Southeast Asia. SIPF also functions as a key platform to discover, nurture, and propel

Southeast Asian photographers onto the international stage. Through its satellite programmes, the festival hopes to engage the public and cultivate a larger audience. At the core of SIPF is a firm belief that photography can be enjoyed by all. The 2014 festival programmes includes numerous exhibitions, venues, talks, film screenings and visitor programmes:

**31 October to 28 December 2014, ArtScience Museum at Marina Bay Sand, Singapore** Presented by SIPF and Noorderlicht International Photofestival, this exhibition features the shortlisted works of 31 international photographers' interpretation of social issues in the society they live in and how they prevail over these circumstances. The exhibition turns the spotlight on the people who challenge themselves in search of unconventionalities and change their own course. They may be individuals, small communities and businesses who set out to realise a better future, not only for themselves but also for others.

Possibilities is at the [Fries Museum, Leeuwarden, Netherlands](#) (31 August to 26 October) as the main exhibition of the Noorderlicht International PhotoFestival, prior to the exhibition in Singapore. *Images - Open Showcase: [Iveta Vaivode \(Latvia\)](#) - Somewhere on a Disappearing Path [Laura Liverani \(Italy\)](#) - Ulan Bator Photo Studio* - this project has previously been featured on [culture360.org](#) - read more about [Ulan Bator Photo Studio](#) (An Ocean of Possibilities): [Lim Weixiang - Our Coastline](#)
