 **OZASIA2016** OzAsia Festival is Australia's premier international arts festival focusing on Asia. 2016 will be the biggest and best festival yet. It's all new, revamped and refreshed, including a twist on the much-loved Moon Lantern Festival. Under current Festival Director Joseph Mitchell, the annual program features the finest theatre, dance, music, film, talks and visual arts that Asia has to offer.

*"There is a generation of young, bold, risk-taking artists who are creating genre-blurring performances that celebrate the immediacy and fast-paced culture of Asia in the 21st Century."*

*Festival Director Joseph Mitchell chats with [Limelight Magazine](#)*
