Finland | Asia-Europe 5 exhibition

Asia-Europe 5, an exhibition of work by paper, textile and fibre artists from Asia and Europe, runs at the Kouvola Art Museum in Finland from 30 September - 9 January.

The Asia-Europe 5 exhibition presents works by 36 artists from Asia and Europe. The works have been made with various techniques out of textiles and paper materials using a contemporary approach. The exhibition highlights different cultural and original ways in which fibrous materials and textile traditions can be used and utilized. The exhibition features several sculptural pieces made of everyday materials that have been manipulated and used in surprising ways. This experimental approach invites not only visual expression but also evokes questions about the value of materials and their endless possibilities and significance.

The fifth Asia-Europe exhibition series launched in Kouvola will continue in 2022 to Belgium, Germany and Denmark. The exhibition series was started by artist Erny Piret in 2009.

It was planned to showcase the diverse and rich works by European and Asian textile artists

Her goal was to showcase the diverse and rich works by European and Asian textile artists who have different cultural backgrounds.

The Asia-Europe 5 exhibition has been curated by Marika Szaraz and Raija Jokinen.
