ICHCAP Call: 2018 Cultural Partnership Initiative Program

The International Information

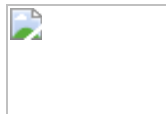

and Networking Centre for Intangible Cultural Heritage in the Asia-Pacific Region (ICHCAP), a centre under the auspices of UNESCO, has launched the **2018 call for applications under the Cultural Partnership Initiative (CPI) Program**, aimed at **young professionals in the area of intangible cultural heritage (ICH) from the Asia-Pacific region**. The CPI Program is a **five-month residential programme** from July to November with an aim to promote bilateral cultural exchanges through **Korean cultural experiences and specialized training**. In this context, ICHCAP will welcome the participation of **four ICH professionals of the Asia-Pacific region**. Candidates should have at least three years' experience in ICH or a related field, and fluent in English. The four selected participants will have an opportunity to engage in an international cooperation project and **carry out an individual research project related to using ICH information and enhancing network building**. In addition, the participants will be able to strengthen their capacity through field trips to ICH-related organizations in the Republic of Korea and ICH lectures. Additional programmes include cultural workshops and a Korean language course. ICHCAP's CPI Program

is focused on **building a long-term expert network to share information in the Asia-Pacific region** and to continually use the network. ICHCAP plans to enhance communication with domestic and/or international ICH organizations and NGOs to expand opportunities for cooperation, through various means that involve the participants conducting intensive study, participating in ICH practices, and delivering a mutual exchange for information. This year's CPI Program is under the support of **the Ministry of Culture, Sports and Tourism of the Republic of Korea (MCST)** and the CPI Secretariat (**Korean Foundation for International Cultural Exchange**) with **ICHCAP** as an operating organization. Launched in 2012, the programme has been successful during its operation. And ICHCAP hopes to contribute to enhance expert networks for ICH information sharing in the Asia-Pacific region while also seeking opportunities to create relationships for long-term project partners. Applications need to be submitted **by 31 May 2018**. For additional information, please visit <http://www2.ichcap.org/call-for-applications-the-2018-cultural-partnership-initiative-program/>
