## Indonesia Media Arts Festival 2015

**INDONESIA MEDIA ARTS FESTIVAL 2015** takes place 15-28 June 2015 at the Galeri Nasional Indonesia in Jakarta with Exhibition, Screening, Multimedia performance, Open Lab, Workshop, and Symposium. As the festival's central theme, New Order will confront two things: (1) the analog media technology politics controlled and used by authoritarian regimes (the state) to build public perception and resolve their problems, and (2) digital media technology politics increasingly controlled by the public after the end of Cold War that saw the fall of authoritarian regimes around the world and the onset of democracy.
