 [OzAsia Festival](#) returns this September with a kaleidoscope of treats for film-lovers. [OzAsia On Screen](#) will once again take over the Mercury Cinema from 11 – 29 September with an outstanding array of Asia's best cinema. Alongside, on Saturday 28 September, the Space Theatre plays host to the Australian premiere of [Super Everything](#). Super Everything is a pioneering live music and cinema performance exploring the relationship between identity, ritual and place across the landscape of Malaysia. UK's leading audio-visual artists The Light Surgeons have collaborated with artists and musicians across Malaysia to create a unique live cinema experience incorporating multiple projections and live music. Filmed on location across Peninsular Malaysia, Super Everything is a kaleidoscopic portrait of the diverse cultural landscape of Malaysia. Juxtaposing tradition and modernity, Super Everything layers together stunning documentary footage and motion graphics with an original live electronic musical score featuring from Malaysia Ng Chor Guan, Hands Percussion and Rhythm in Bronze.
