Singapore | Asia Pacific Network for Cultural Education and Research 2022 conference

From 2 to 4 December, LASALLE College of the Arts Singapore will hold the 2022 Asia Pacific Network for Cultural Education and Research (ANCER) conference on the topic “Ecologies of the Arts: Sustainable Futures, New Creative Economies and the Management of Art and Culture”.

The conference asks: how have audiences changed as art becomes more **digitized, global, and hybrid**, and how does this **impact arts management practice, pedagogy and policy**? Are there **new paradigms in the practice of arts management, particularly in Asia**, and how are these different from our traditional ways of ‘doing things’ in the arts? **Are new ecologies**

of the arts emerging as a result of new experiences and changing consciousness about the post-pandemic reality?

Keynote speakers include **Distinguished Professor Ien Ang** (Institute for Culture and Society, University of Western Sydney, Australia) and **Ou Ning** (artist, writer, curator, film maker, and activist).
