UNLEASH Innovation Lab comes to Singapore

At the end of May 2018, 1,000 talents from all over the world come together to create real, scalable solutions to the Sustainable Development Goals in Singapore in the **UNLEASH Innovation Lab 2018**.

UNLEASH is a global innovation lab that brings together people from all over the world to transform 1,000 personal insights into hundreds of ideas, and build lasting global networks around the Sustainable Development Goals. It was launched in Denmark in August 2017 where the inaugural UNLEASH event was held in **Copenhagen**.

Every year until the culmination of the 2030 Agenda UNLEASH will be held in a new country. The SDGs will be explored through the lens of the host country, using local ways of living, thinking and working to ignite discussion and unlock new perspectives.

The Singapore 2018 event takes place 30 May - 6 June. Participants have been selected. See website for how to get involved and informed on the UNLEASH labs.
