Arte Laguna Prize is an international competition aimed at promoting and enhancing Contemporary Art. The total endowment is € 180000. The exhibition of finalist artists will be held at Venice Arsenale.

The **8th Arte Laguna Prize** has 5 **competition sections**: painting, sculpture and installation, photographic art, video art and performance, virtual and digital art, each offering a top prize of 7,000 Euros. A collective exhibition of the finalist artists will be held in the Venice Arsenale in March 2014. The videos of the 10 finalist artists will be also screened in Beijing in summer 2014.

Arte Laguna Prize has started 6 international collaborations with Partners offering prize-winning artists the opportunity to live a creative experience outside their artist studio in Italy, India, Slovenia and Germany.

Thanks to the collaboration with Telecom Italia Future Centre a new special prize, called *Innovative Interactive Tour on Telecom Italia's Future Centre*, is born. The prize is addressed not only to artists, but also to architects and designers with an innovative idea for the fruition of the architectural spaces of the former convent San Salvador in Venice, which is presently the headquarter of the Future Centre of Telecom Italia. The best idea will be awarded in March 2014 with 5000 euros for the realization of the project.
