Art Quarter Budapest | artist residency call

 [artquarterbudapest](#)

Open call for a 1-month visual arts residency at Art Quarter Budapest in Hungary in spring 2015. The Works.io Residency hosted by AQB is open to visual artists from around the world and applies to a stay of 1 month in the facilities of Art Quarter Budapest.

The Works.io Residency covers travelling costs (max. 800 USD) as well as the studio rental fee for the selected artist. Also included in the residency program is an option for exhibition in the AQB exhibition space (depending on the artist's production), a written art review by a local art professional and a Works.io Pro Account.

The residency will take place during spring 2015, based on the selected artist's availability.

AQB provides the selected artist with:

- Shared studio space (up to four artists)
- Private room with shared bathroom and kitchen
- Involvement in the local art network (Opening visits, studio visit by curators, etc.)

For detailed info about a residency at AQB please check the institution's [residency program](#) or visit the their website.

Deadline for [applications](#): December 19 2014

Located in the former Haggemacher brewery, where beer was brewed until the late 30's, the AQB creates today a different sort of creative blend, being a cultural melting pot, a centre of creativity for artists from Hungary and abroad. This venue enables painters, sculptors and all forms of artists and cultural craftsmen from different countries, to share, to develop, to engage in cross cultural creativity with local, Hungarian peers in order to broaden both professional and personal horizons and deepen their experience and perspective.

Art Quarter Budapest's artist-in-residence programme is a meeting point for international and local artists. Each participant lives and works separately in his/her apartment and studio, while co-operation is promoted by means of regular consultations and a well-organized programme.

Artists' applications are welcome from all countries in the world, regardless of the medium they use (painting, sculpture, media art, installation, graphic arts, etc.). There is no age limit. A basic knowledge of English, open-mindedness and good communications skills are welcome.
