# Arts for Good Project | Apply now!

The Singapore International Foundation (SIF) has launched Arts for Good Projects to help support arts practitioners and their arts-based initiatives and minimise the impact that the COVID-19 situation has on the arts and culture scene globally.

The SIF's Arts for Good Projects brings together artists and different sectors of society to collaborate on arts-based initiatives to enhance cross-cultural understanding and create social impact. Applications for ideas should demonstrate the power of the arts and culture to connect, support and uplift global communities.

#### The Arts for Good Project should:

- Connect Singapore and global communities creatively for social good through the arts in view of social distancing practices and travel restrictions
- Facilitate **active engagement** with or **participation** by different communities across borders
- Promote cross-cultural understanding, international collaboration and positive social change

**Applications close on** 7 June 2020 and projects submitted for consideration should be completed by 31 December 2020. Successful applicants may receive up to \$\$20,000 per project.

More information can be found on SIF's website and the FAQs.
