## Cambodia | 19th Angkor Photo Festival

Angkor Photo Festival is calling for lens-based works from across the globe for the 19th edition of the festival, in Siem Reap, Cambodia, from 19 to 28 January 2024.

What is your north star when the world seems to be collapsing? In the weight of darkness, how – or where – do you still find light?

This is an open call by guest curator Singaporean Ng Hui Hsien, for works that **respond to the theme of “enchantment”**. While open to interpretation, the theme seeks to be a step to collectively forge a path to wonder, to connection, to being a salve in the face of wounds.

Selected works will be presented during the **projections programme** of the **19th edition of Angkor Photo Festival**.

All forms of lens-based works are accepted, including **stills, moving images, and mixed media**. Both completed and ongoing works can be submitted. There is no submission fee.
