Chimera Art Award | Budapest

 chimera-art-award

Chimera-Project is pleased to announce the launch of the first Chimera Art Award. International call for fine artists to submit works. The Chimera-Project is a program gallery in Budapest with strong international orientation. The gallery program is built on curated, thematic exhibitions, that provide space for meaningful discourse in contemporary art.

This newly launched art award is founded to raise international visibility for fine artists (**under the age of 40**). The award's main focus is put on the contribution of contemporary art in understanding our time.

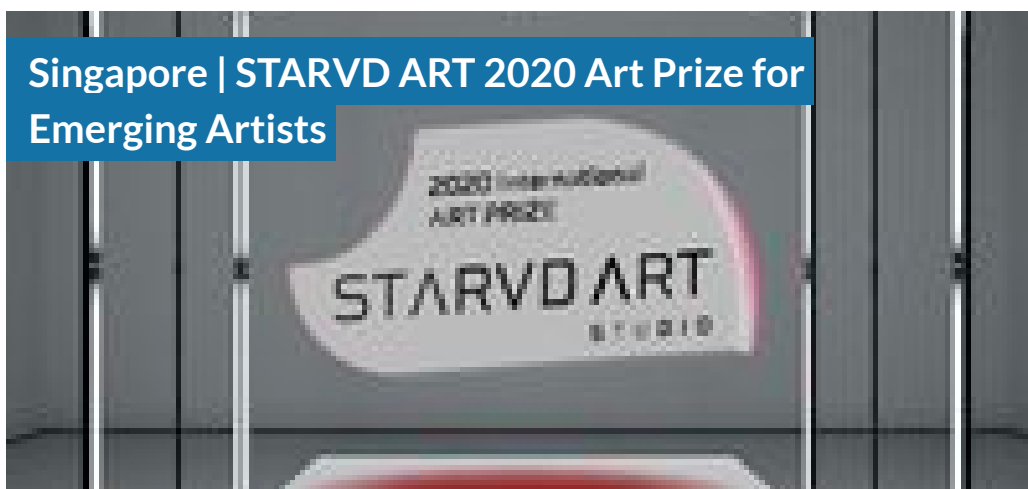

The international jury with the art historian Zsolt Petrányi (Head of the contemporary collection at the Hungarian National Gallery) artist Viktor Frešo (ranked amongst the leading Central European artists) and the curator collective «7by8» (7 young international curators) will select the winner based upon his/her professional portfolio (including cv and artists statements). To make this award happen Chimera-Project teamed up with [Works.io](#), the new online artist portfolio platform that guarantees a professional, smooth and state of the art online application process. **NOTE: the organisers state that NO paid subscription is required to apply via the online portfolio!**

The winner of the first prize will receive a solo-exhibition at Chimera-Project together with a 1,000 \$ USD exhibition budget and an exhibition review. Moreover there will also be a Public Choice Prize, given to one of the 15 shortlisted finalists.

Deadline for all applications is June 25th, 2014.
