Europeana Strategy meeting "Migration and culture: how can our past educate our present", Sebastiaan ter Burg, Europeana Foundation, CC BY

As the cultural heritage sector faces unprecedented challenges due to the COVID-19 pandemic, the question of its **digital transformation** is more relevant than ever. [Europeana](#) has launched a special series of workshops addressing this topic and exploring capacity building for the cultural heritage sector.

The workshops will support participants to:

- **Develop strategic thinking** around digital transformation that will support work at an institutional level.
- **Contribute to a broader discussion** about digital transformation in the cultural heritage sector in a (post-)COVID-19 world.
- **Generate and share actionable insights** and identify new paths through the COVID-19 crisis for digital culture.
- **Enhance our mutual capacity for longer-term planning** beyond the immediate crisis.
- **Gain new perspectives** from working with your peers and experts in digital cultural heritage.
