# European Digital Deal Residency Artists 2024

The European Digital Deal is calling for applications from artists for residencies in a number of European countries between April and December 2024. The topic of the residencies is the adoption of new technologies and their impact on democratic processes.

European Digital Deal is a 3-year investigation, co-funded by Creative Europe, into how the accelerated, yet at times unconsidered, **adoption of new technologies** – such as artificial intelligence, machine learning, blockchain and algorithmic processing – can alter or undermine democratic processes.

This open call for Artist Residencies offers **12 residency opportunities across Europe:**

- Ars Electronica (AT)
- Gluon (BE)
- Kersnikova Institute (SI)
- LABoral (ES)
- Onassis Stegi (EL)
- Pro Progressione (HU)
- Sineglossa (IT)
- Center for the Promotion of Science (CPN)(RS)
- The Culture Yard (DK)
- Waag (NL) is offering 2 residencies
- Zaragoza City of Knowledge Foundation (FZC) / Etopia (ES)

The residencies will take place between **April and December 2024, for a period of 9 months.**

Artists are required to be **present in person at the location of the host institution, at least for part of their residency.**

The selected artists will receive a **25.000 EUR grant** to complete their project, the support of the group of experts around each residency, access to **mentorship** through an incubation programme, and the chance to **show their work at Ars Electronica Festival, Onassis Stegi, and LABoral** among many other locations.

## Who can apply?

- Individual artists or duos/groups/collectives
- Artists that have produced enough artworks for the jury to assess their artistic experience (previous experience collaborating with companies and/or research institutions will be valued but is not a condition for participation)
- Citizens or permanent residents of all EU and non-EU countries
