The German Chancellor Fellowship offers you an opportunity to take the next career step in Germany – irrespective of your field of work. **In order to apply, develop your own project idea and find the host of your choice to mentor you. Once your host has confirmed, you can apply for a fellowship.**

We offer you

- individual mentoring during your stay in Germany
- additional financial support for items such as family members accompanying you, travel expenses or a German language course
- a study tour of Germany and a number of events during which you can make contact with other fellows and representatives of German companies and institutions
- extensive alumni sponsorship, particularly to help you sustain contact with collaborative partners in Germany during your entire professional career

Send an application, if you

- are a university graduate with an international bias from Brazil, **China, India, Russia** or the USA and have already acquired initial leadership experience
- completed your first degree less than 12 years ago
- would like to spend a year working on a project you have developed yourself with a host of your choice in Germany
- can demonstrate that your project will be of social significance and that you have the potential to build future bridges between Germany

and your own country

- work in a sector such as politics, economics, the media, administration and **culture**

Please consult the [Programme Information](#) (PDF) for details of the application requirements and fellowship specifications.
