The EU Centre in Singapore invites all residents in Southeast Asia aged 30 and under to take part in our photography competition, **Imagining the Future: Europe and Southeast Asia**. If you are aged 30 and below and a citizen/PR of an ASEAN country and have a creative or artistic eye, this competition is for you.

In a single photography or in the form of a photo essay, you should encapsulate how individuals are envisioning contemporary transformations, diversification and multiplications to provide different perspectives on what the future holds for both regions.

Look at the social and cultural dimensions, the issues and the developments. Show us your thoughts and views through your images. Shortlisted entries will be exhibited at the EU Centre. Winners of the open and photo essay category will win €500 and €750 respectively.

Your submission should reflect your own interpretation of the theme in your own country or community. Entries will be judged based on creativity, originality, relevance to the theme and technical skill.

Submissions will be accepted till 9 August 2012.

All submissions must be accompanied by an official entry form, found [here](#).
Please read the [submission guidelines](#) and competition [rules](#) before sending in your entries.
