This unique international artists residency offers an opportunity for artists of all disciplines to collaborate, experiment and innovate in an inspiring environment at Castletown House, County Kildare in Ireland.

**The Performance Corporation** is proud to announce it is now inviting applications for ***The SPACE Programme 2011.***

The residency which takes place over a two-week period at Castletown House Co. Kildare is an open-ended process hosted by **The Performance Corporation**. The programme facilitates artists from diverse backgrounds to collaborate and explore their artistic process while removing the pressure to come up with an end product.

***The SPACE Programme*** will run from 7<sup>th</sup> – 18<sup>th</sup> March, 2011. The chosen participants will receive a stipend of €1,000 for their participation to cover their costs. Participants are selected by a panel of leading arts practitioners following a wide-ranging submission process. **Submissions are welcome from Irish and International practitioners in all disciplines.**

Applications are welcome from artists who applied in previous years and were unsuccessful due to the high demand.

The programme has been created by Ireland’s **The Performance Corporation** with support from The Arts Council, Kildare County Council, OPW and Irish Landmark Trust.
