Japan: Akiyoshidai International Art Village residencies

Akiyoshidai International Art Village has supported cultural and philosophical exchange among international artists through the artists in residence program since its inauguration in 1998. The aim of the Residence Support Program is to support young artists' experimental artistic activities, crossing the borders of art disciplines and nationalities. The artists will be carefully selected by the Selection Committee of the Residence Program of Akiyoshidai International Art Village. We strongly hope that selected artists will actively communicate with local people in Yamaguchi, participate in different projects, including workshops, lectures, school visits and exhibitions.
