Call for applications for ARCUS project 2012 IBARAKI ARTIST-IN-RESIDENCE PROGRAMME, Japan. Open to emerging contemporary and visual artists, interested in process-based, community collaborative work.

Artist-in-residence program of ARCUS Project which aims to support the artistic activities of emerging artists was launched in 1994 by Ibaraki Prefectural Government as its main organizer. In its 18 years history, ARCUS Project has invited 82 artists from 26 countries / regions, and supported their artistic projects and researches during the residence. A number of previous residency artists are now known as cutting-edge artists in international art scene.

Since the year 2010, ARCUS Project artist-in-residence program has focused more on the “process” of activities. Therefore, we are looking for a project which does not regard final presentation as a goal, but tries to conduct a site-specific research / project within a certain period of time. It is also expected that the research / project is open to the local community for sharing the process and collaboration. The proposed projects are supposed to be temporary works with which the applied area can be returned to its original state. Since our program is aimed at promoting international exchanges, applicants should possess nationality of a country other than Japan. Not more than one artist will be selected from one country / region.

## ELIGIBILITY

The Applicant should:

- be an emerging artist engaged in contemporary visual arts or other related fields
- have nationality of country other than Japan
- have legal permission to enter Japan
- be in a state of good health and able to carry out daily activities on his / her own
- have enough English skill to communicate with other artists, coordinators and curator.
- not be enrolled in educational institution (undergraduate, graduate school etc.) during the residency period

## PERIOD OF PROGRAM

3 month residency period. End-August through November, 2012

**Application Deadline is April 30, 2012.**

Both online and postal applications should be submitted by this date. For postal application, the material postmark dated April 30 is NOT valid.

For full guidelines and online application form, see [website](#).
