fellowship call

Künstlerhaus Büchsenhausen in Austria invites visual and media artists, art critics, theorists, and curators to apply for a fellowship in 2018–2019 (1 October 2018–2 June 2019). Candidates can apply for a five-month fellowship. Professional visual/media artists, art theorists, art critics, and curators from all over the world are eligible for the fellowship.

Künstlerhaus Büchsenhausen is a post-graduate center for production, research, exchange in the fields of visual arts and art theory. Within the framework of the International Fellowship Program for Art and Theory, the Künstlerhaus provides a platform that facilitates the development and production of artistic and art-theoretical projects in a critical context. At the same time, Künstlerhaus Büchsenhausen offers a forum for direct exchange between professionals – artists, theoreticians, critics, and curators – from the region and abroad, as well as a point of interaction with local interested audiences. Künstlerhaus Büchsenhausen is affiliated with the Tyrolean Artists' Association, the major association of visual artists from the region.

With its Fellowship Program for Art and Theory, Büchsenhausen promotes internationally relevant artistic production, research, and discussion in the region of Tyrol. The program is based on the idea of generating and maintaining a context for production and discussion, in which artists and theorists can connect and reflect on international art and societal discourses in relation to local topics and issues. At the same time, it affords the opportunity for an artistic laboratory of experimentation, where new artistic practices and strategies may be tried out.

Büchsenhausen brings together two programs under one roof. On the one hand, it is the site of the International Fellowship Program for Art and Theory. On the other hand, it is the location of several studios for artists based in Tyrol who require space for working in a professionally interesting environment. **Three apartment studios are used by the participants in the fellowship program.** The other six studios are available to artists based in Tyrol. The project and presentation space is equipped with multimedia facilities and is at the fellows' disposal.

Deadline for applications: 26 January 2018
