Location: Arts Printing House (or Menu spaustuve in Lithuanian) is a unique creative phenomenon in the capital of Lithuania Vilnius, a vibrant performing arts venue and a meeting place for artistic souls.

Established in a former printing house dating back to 1805 it produced a different kind of layouts, typesets and linotypes – those that help develop a new understanding of creativity within the modern society. Arts Printing house is a non-profit artist-run space based in the old town of Vilnius. Arts Printing House strives to bring about change and is the first infrastructural complex for creative industries in Lithuania. Our vision is to collect different types of independent performing arts projects into one place and allow them to share their artistic vision with the audience. Now the place is open up as a performing arts centre with 2 venues, 3 rehearsal spaces, offices for the young non-governmental organizations and resource library.

Paid by artist: Food, working material, health insurance.

Paid by host: Travel costs (economic fares – concrete travels and costs must be confirmed by Arts Printing House), accommodation for up to 5 persons, rehearsal studio, wireless Internet connection in the building, access to the library.
