Residency for artists based in Pakistan

Gasworks is calling for applications from early career contemporary visual artists based in Pakistan for a fully funded residency in London, 3 July – 18 September 2023.

Gasworks programmes up to 16 residencies each year, inviting early career international artists to work alongside a community of 9 London-based peers for 3 months. Residencies are non-prescriptive and process-based and focus on enabling artists to research and develop new work. Made public through Open Studios and events, these opportunities encourage interaction, dialogue and professional networking.

The residency comprises:

- Private studio at Gasworks
- A public Open Studio event, site visits, and networking
- All visa costs covered and support during the visa application process
- Economy return flights from the artist's home city to London
- Single room accommodation within Gasworks' Residency House
- A weekly stipend of 150 GBP for living expenses
- A materials budget of 800 GBP
- Access to Gasworks' tools and AV equipment
- Local travel expenses
- Administrative, pastoral and curatorial support from Gasworks
- Marketing support

Eligibility

The residency is open to **contemporary visual artists working in all disciplines**. Aspiring artists producing high quality work who have not had the opportunity to work in London before will be prioritised.

Applicants should have at least a moderate level of spoken English.
