4 call for exhibitors

Luxembourg Art Week, the international contemporary art fair in Luxembourg, is now accepting applications from international emerging and established galleries for the 10th edition of the fair, 22–24 November 2024.

Founded in 2015, Luxembourg Art Week fosters proximity and personal encounters and it has a number of **highlights**: behind-the-scenes experience during set-up, preview, vernissage, dinner in the heart of the fair, monumental outdoor installations, conferences and workshops, guided tours, exhibition projects in partnership with major artistic institutions, VIP programme, corporate events, and more.

Luxembourg Art Week sections

Main Section welcomes established galleries from the national and international art scene. Offering a variety of stand sizes and personalisation, it caters for the diversity of ambitious gallery projects.

Supported by the Ministry of Culture, **Take Off** is specifically designed for young galleries (less than 5 years old), artist collectives structured as legal entities such as associations, and institutions.

Solo: Dialogue is a collaborative space where two solo exhibitions, hosted by two galleries, engage in a dialogue within a shared booth in the Main Section area.

For the first time open to exhibitors, the **Sculpture Trail**, developed in partnership with the City of Luxembourg, features ten sculptures in emblematic locations around the city. To participate, applicants submit their installation proposal with a detailed description of the project, including visuals of the work and the artist's CV, in a single PDF attached to the application form.
