Call for Workshop Proposals

We are looking for people who are excited about the role of media and technology in the urban environment and want to share this excitement with an interdisciplinary audience.

The Media Architecture Biennale is a biennial event, featuring workshops, a conference, and an exhibition that attracts interaction designers, lighting designers, architects, artists, researchers, and industry practitioners.

The workshops at the Media Architecture Biennale are an interactive, dynamic forum leading up to the conference and exhibition, that offer an opportunity for exchanging ideas, forming communities, sharing knowledge, inspirations, getting in touch, prototyping, and networking.

The workshops are planned to take place on Tuesday November 24.

- **Deadline for submission: 18 January 2020**
- Notification of acceptance: 01 March 2020
