The Centre for Contemporary Art Ujazdowski Castle in Warsaw, Poland invites applications for four job opportunities, curating different aspects of the visual arts, film and performance programme at the centre, known for its residencies, art laboratory research and focus on the relationship between art and society.

Four jobs are currently on offer:

- **Curator of the Film Programme**
- **Curator of Visual Art**
- **Curator of the Green Jazdów project (8 month contract)**

Deadline for all applications: **11 February 2013**

Applications can be submitted in English or in Polish with an English translation.

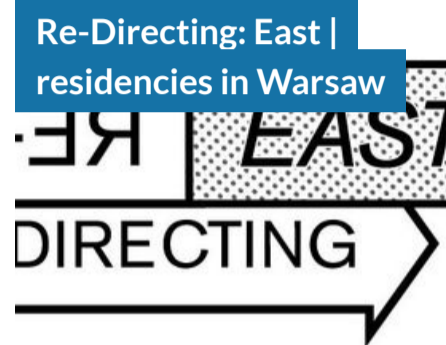

The Centre for Contemporary Art Ujazdowski Castle is attempting to evolve as a new type of cultural

institution in which various fields of art coexist with each other, interact, and transgress their own boundaries, in order to create new qualities and phenomena. The CCA draws particular attention to the relationship between art and society, as well as interdisciplinarity, interactivity, site-specific productions, various forms of collaboration, networking, and co-production. The CCA would like to transform itself into more of a space for artistic exploration, research, laboratories, workshops, and experiments than remain a traditional exhibition space.
