CALL

WRO 2011

ALTERNATIVE NOW

Call for entries for the **WRO Media Art Biennale**, an international forum for new media art held in Wroclaw, Poland in May 2011, on theme of Alternative Now.

The WRO Media Art Biennale is an **international forum for new media art**. The theme of the 14th WRO Biennale, which starts on May 10th 2011, is **ALTERNATIVE NOW**, highlighting the roles of individual artistic stances and strategies that keep a deliberate distance from the institutionalized mechanisms and standardized expectations of the art world.

The WRO 2011 programme is open to media art completed after January 1st, 2009, made using electronic/digital media and exploring processual forms of expression and communication.

Since its inception in 1989, WRO has been presenting art forms created using new media for artistic expression and communication, exploring current creative territories and building a critical perspective toward emerging issues in art and society.

Over the years, the WRO Biennales have raised a variety of questions about creative approaches to new technologies and the expanding technosphere of social media – about the creative crossover realms that arise where art and science, economics and social activism intersect.
