Singapore: first Atelier for Young Festival Managers in Asia

Do you belong to the **next generation of artistic festival directors**? Do you feel the need to widen your horizons, broaden your programming skills, grow your network and get inspired by your peers and experienced forerunners? Are you excited about the cultural and festival life in Singapore?

Young festival managers from all over the world are invited to Singapore to take part in the first **Atelier for Young Festival Managers in Asia** – an intense course from **14 - 21 May 2011**. A group of **45 young festival managers** meets for 7 days to work in small topic-based working groups, attend lectures and debates, learn from case studies and implement practical activities.

The Atelier is especially designed for those who are working or have ambitions to become involved in programming or in programming-related departments within a festival. Participants develop exciting new ideas under the professional and extremely generous guidance of renowned festival managers.

Application form and motivation letter need to be sent to the European Festivals Association no later than **17 December 2010**

For more information please see below:
