## Venice Biennale College - Theatre 2017

# Biennale College 2017 - Teatro

Applications are open for the Biennale College Theatre 2017, an international programme of professional workshops with dedicated theatre masters held in Venice in July 2017. The Biennale College aims to encourage young talents by offering them the opportunity to work side by side with the Masters to develop "creations". It is organised alongside the 2017 Theatre Biennale.

The project for the **Biennale College - Theatre**, coherently with the spirit of the most recent editions, stands as a place of inquiry and dialogue, a space permanently open to discussion and experimentation, in a process that can involve scholars, spectators and theatre lovers. A true factory of ideas that explores the potential of theatre: languages, codes, techniques and technology, the sciences of the stage all provide the guidelines for a systematic evaluation, led by Masters and experts from around the world.

The current edition of the Biennale College - Theatre will include a significant number of days dedicated to working with the chosen Masters, with the purpose of offering each participant the possibility of taking part in an authentic creative process, on the one hand, and on the other, to enhance the educational function of each workshop, a place of both ideation and higher education. **The meeting with the Masters involved will be preceded by a work session that will involve the totality of the participants in the various workshops, to be led by the Director Antonio Latella and scheduled to take place from July 26th to 30th.**

Furthermore in this edition, each Master and each participant in the College will address the same theme, detailed below by the Director, and will later present the result of each workshop in a short theatre piece at the end. **Each of these original creations will be presented together with the others in**

a sort of theatre marathon, to take place on the last days of the festival.

The workshops are intended exclusively for applicants who have had at least one experience under contract.
