ALLIANZ FOUNDATION

The Allianz Foundation is an independent foundation that aims to strengthen civil society, foster cultural innovation and accelerate the transformation of our societies towards carbon neutrality.

The Allianz Foundation pursues 3 strategic goals:

- **For empowered people** – Supporting the marginalized and creating equal opportunities
- **For open societies** – Promoting open, diverse and resilient societies
- **For a living planet** – Combatting climate change and protecting a livable planet

The Foundation promotes and supports people and organisations who face the challenges of our times. They support and connect risktakers from the areas of **civil society, environmental protection, and arts and culture** – everyone who dares to test new societal models of living together beyond the beaten path.
