The Animation Workshop

Since 2007, The Animation Workshop has been organized as Centre for Animation, providing knowledge and competency development for the Danish animation industry through activities and development project in the 7 departments: Bachelor of Arts Department, Professional Training, Open Workshop, The Drawing Academy, Centre for Education and Animation, The Incubation House and Animation Hub. The Animation Workshop is an independent management unit under VIA University College. It offers a variety of courses on different study levels – from intensive weekend courses in classical drawing to high quality professional bachelor educations, along with professional training courses and master classes.

One of the strongest results of the Centre's work is the foundation of and entering into 3 consortium co-operations that each in their own way has as an objective to promote the development of talent, competence, occupation and business within Danish animation-related media production. The 3 consortia are Cross Media, The Computer Zone and The Animation Hub.
