The association Fine Art Archive manages and processes an extensive collection of documents, especially in the area of Czech and Slovak fine art of the 20th and 21st centuries: catalogues, monographs, invitations, books, photographs and more.

The documents are processed using the information system abART ([www.isabart.org](http://www.isabart.org)). The association also runs a reading room and a secondhand bookshop at the depository in Prague 4, a public library located in DOX Centre for Contemporary Art in the Prague district of Holešovice. Exhibitions are organised all year round in the venue "Malá věž" (Small Tower) in DOX and in the gallery Polička/Shelf. Moreover, the association organises lectures, processes bibliographies and prepares publications.
