ART OUTREACH

Established in 2003, Art Outreach is a non-profit arts intermediary with IPC status that is dedicated to promoting art appreciation in Singapore and strengthening networks in the local art ecosystem.

They enable practitioners to **sustain careers** in the arts by offering financial support, professional development opportunities, and an independent and free space to nurture and incubate their work, as well as through facilitating dialogues with collectors and industry leaders. They also champion the value of art by presenting a year-round roster of accessible and innovative **programmes** catered to diverse audiences—encompassing educational talks for schools, public art tours, exhibitions and artist residencies—with the aim of encouraging a deeper understanding and appreciation of art and artists in the community.
