Creative Fitness SG

We are an organization run by a strong collective of individuals motivated to educate, empower and inspire participants (whoever they may be), go through our programmes to gain an awareness into the performing arts and their own bodies through sports science. We constantly look into creative ways to run our workshops and classes, and believe including anyone from anywhere is the way to go. To promote and not be exclusive. In the long run we hope to work with NGOs in countries where education is needed. From performing arts to sports science, Empower, Motivate & Inspire.
