The Preparatory Action “Culture in EU External Relations” is an initiative funded by the European Union. It is implemented by the European Commission, Directorate General for Education and Culture, with the support of a Consortium of eight cultural institutes and organisations, which won an open call for tenders to this effect.

This Preparatory Action was initiated by the European Parliament following its Resolution on the cultural dimensions of the EU external action, which called for the development of a visible common EU strategy on culture in the EU external relations.
