GALA Funding and Resources Guide - 2nd edition

The ***GALA Funding and Resources Guide – Second edition*** is the updated edition of the guide first produced in 2015 within the scope of the EU funded project, Green Art Lab Alliance (GALA).

This guide has been coordinated by On the Move and is based on research and updates carried out by Marta Gracia between September and December 2020. The second edition of the guide has been supported by the **French Ministry of Culture** and the **Institut français**. Contents support

has been provided by the **GALA network** as well as by some On the Move's members and partners.

The guide is articulated around two main parts: a first one around funding for **arts and culture projects related to environmental sustainability** (support schemes, transnational supports, European projects, residencies, festivals etc.) and a second one on **sources of inspiration for more responsible action**.

The focus is mostly on Europe with some international references and initiatives.
