## Green Art Lab Alliance funding guide for arts and environmental sustainability

## Funding Guide

**A selection of funding opportunities  
for arts and culture projects  
related to environmental sustainability**

The guide was developed under the framework  
of GALA-Green Art Lab Alliance  
(a two-year project funded under the EU Culture Programme)

Culture

This project has been supported by the  
European Culture Programme 2007-2013

 [gala-funding-guide](#)

The Green Art Lab Alliance (GALA) funding guide is a first inventory of public and private, international, European, national, regional and local funds, calls and initiatives that can support arts and culture projects on environmental sustainability.

With this guide the GALA partners hope to help artists and cultural professionals to access funding to experiment and develop sustainability

projects and facilitate future European cooperation and activities linked to sustainability and the arts.

The funding schemes, resources and tips were collected by GALA partners and through an online call. The overall research was coordinated by [On the Move](#) and supported by [COAL](#).

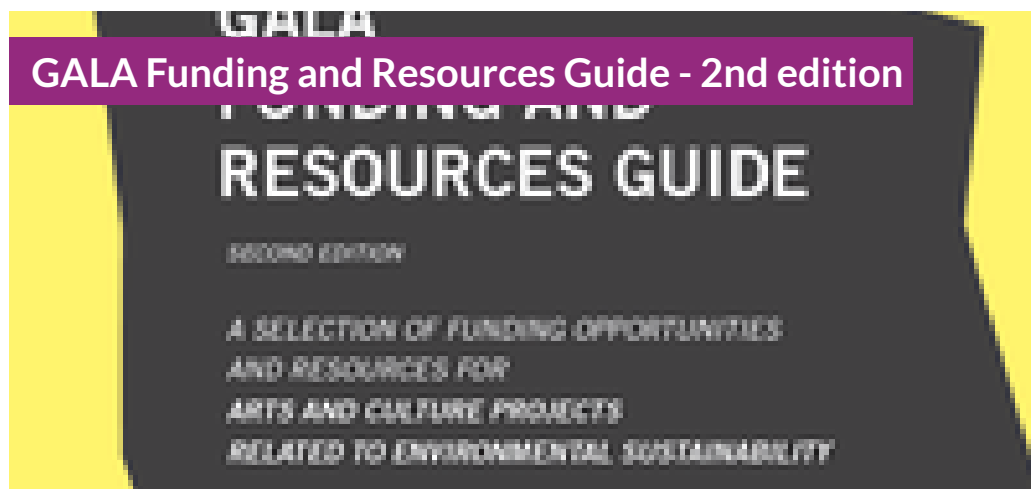

Green Art Lab Alliance is an EU funded programme funded by the Culture Programme which ran 2013-2015

Find the [guide online on GALA website](#) and download [pdf GALA guide](#)
