## Incubarte International Art Festival

Incubarte, conceived as a meeting point for artists and the audience, is an event where networks between different art and culture professionals are created. The event has a public, free and festive nature, and our main objective is to expose Valencian citizens to the latest Spanish and international art trends, selecting artists from the contemporary international art scene. Since 2008, the Festival has exhibited works of over 700 artists of a wide range of nationalities, many of them previously unknown and inaccessible to a large public. Incubarte especially focuses on those **interdisciplinary projects which propose an original, innovative and creative view in all mediums.**
