Connecting People Bridging the World

As a lead organisation of Korea’s international exchange and public diplomacy initiatives, the **Korea Foundation** communicates and interacts with the world so that Korea and its people can be better understood throughout the global community. In doing so, the Foundation **strives to make friends with people across the world, along with enhancing Korea’s global stature.** To fulfill our mission, the Korea Foundation extends support to **promote Korean Studies education worldwide**, in addition to bringing the richness and vibrancy of Korean culture, including hallyu (Korean Wave), to global audiences. Of note, the Foundation **implements a variety of programs to share Korea’s “success story,”** in terms of its acclaimed economic development and notable transition to a liberal democracy, to help advance the world’s prosperity and well-being.
