Lahore Literature Festival

The **Lahore Literature Festival (LLF)** explores the dialogue and interface between literature and the arts that shape Pakistan's cultural, social, economic and political frameworks. The Festival aims to bring together, discuss and celebrate the diverse and pluralistic literary traditions of Lahore, the city of arts, activism and big ideas in Pakistan. LLF also features discussions on a variety of subjects – such as fiction and non-fiction writing, music, painting, film-making, architecture and politics, to reclaim and employ Lahore's rich and varied literary traditions.
