## Lithuanian Film Centre

The purpose of the Lithuanian Film Center (LFC) is to **promote Lithuanian cinematography**. The website is run by the Lithuanian Film Promotion and Information Agency that is funded by the Ministry of Culture of the Republic of Lithuania and The Foundation of Culture and Sports of the Republic of Lithuania.

The principal goal of LFC is **to collect information about Lithuanian film artists and provide the latest news about Lithuanian cinema**. These goals are reflected in the structure of the website with a news and events section updated on a regular basis and an ever-expanding database offering comprehensive information about people professionally associated with Lithuanian film. LFC has been conceived and implemented as a long-term resource utility for spreading information about Lithuanian film to cinema professionals and enthusiasts alike both locally and internationally.
