The Ministry of Culture and National Heritage of Poland is responsible for Polish national cultural policy.

The Ministry of Culture and National Heritage initiates and coordinates many of such projects. For years, Polish culture has met with great respect all over the world, it became our best brand, synonymous with the highest quality. Thanks to the success of our artists, it became easier to strengthen cultural links and establish lasting contact between Polish and foreign artists, art institutions or cultural animators. The presentation of Polish culture is one of the important tasks carried out by my Ministry and institutions subordinate to it.
