Studio Alta

Studio Alta is a multicultural space and a creative hub focused on contemporary dance. Located in four industrial halls with a total area of 1800 square meters, you will find a theatre, two rehearsal rooms for artistic research and creative workshops, ateliers, and shared offices. The informal café – also known as the Living Room– is the venue for discussions as well as interdisciplinary and community activities for all generations. The artistic programme of Studio Alta emphasizes courageous and innovative pieces; pieces that encourage engagement, creativity, sharing, and an open minded and constructive dialogue: the basis of an open and healthy society.
