World Cities Culture Forum (WCCF) has commissioned a survey of 40 [#WCCFcities](#), addressing the role that culture can play in our recovery and published the results in a Special Edition Policy & Impact Bulletin.

The impact of culture in the recovery will be strongest where it aligns with citizens' needs

Take a look at some of the initiatives highlighted in the report:

[World Cities Culture Forum](#) provides a way for policy makers in 38 key cities to share research and intelligence, and explore the **vital role of culture in their future prosperity**. WCCF members collaborate via a programme of events including themed symposia, regional summits and workshops. These events feed in to the annual World Cities Culture Summit. Hosted on a rotating basis by member cities, **this unique gathering allows city leaders to share ideas and knowledge about the role of culture** as an organising principle for the sustainable city of the future.
